

SALMON FOREST

New in paper, David Suzuki and Sarah Ellis's charming and informative text, accompanied by Sheena Lott's exquisite watercolours, magically evoke the spirit and mystery of the West Coast rain forest. Together, text and illustrations illuminate the interconnectedness of the forest and the sea and of all life. Salmon Forest is recommended by Curriculum Services Canada and is published in partnership with the David Suzuki Foundation.

Reader's Opinions

This book presents basic information about the life cycle of salmon and the ecology of their stream habitat as a story of an outing in which a father takes his child to check out a salmon stream and visit with fishing neighbors. It was age appropriate for our 5 year...
