## Reader's Opinions

3.4 Stars! would have liked it more if there had been just a little less emphasis on the "not-my-type" and extra doses of body image self-doubt. For a short story, it didn't need the repetition.

Super cute little story about being attracted to someone not your type and the insecurity that can come along with that kind of situation. Still a fun little read. I noticed though that the guy on the cover appears to be eating chicken, not the pumpkin roll sitting in front of him. ;-)
