

THE COMPLETE COSMICOMICS

The Cosmicomics tell the story of the history of the universe, from the big bang, through millennia and across galaxies. It is witnessed through the eyes of 'cosmic know-it-all' Qfwfq, an exuberant, chameleon-like figure, who takes the shape of a dinosaur, a mollusc, a steamer captain and a moon milk gatherer, among others. This is the first complete edition in English of Italo Calvino's funny, whimsical and delightful stories, which...

Peek Inside the Book

We were peering into this darkness, crisscrossed with voices, when the change took place: the only real, great change I've ever happened to witness, and compared to it the rest is nothing Italo Calvino,...

Reader's Opinions

Climb up on the Moon? Of course we did. All you had to do was row out to it in a boat and, when you were underneath, prop a ladder against her and scramble up. This is what happens when you let a poet loose...

The 'Cosmicomics' stories are a unique form of storytelling - a mixture of science fiction, humour, fantasy and romance. They are told through the eyes of old Qfwfq, who was there at the Big Bang ('...where else could I have been?') and has experienced everything from evolution in action to the formation of stars, narrating as an old...
