## Reader's Opinions

Fun, fast read. It took about an hour. A great way to lighten the mood after reading a heavier, intense book ("Ender's Game"). Although I don't have any daughters, I may get a copy someday to read to my boys when they're a bit older. We need more fairy tales with practical, sensible princesses...and absent-minded princes.

Ah, I love fairytales, and these were especially wonderful! Very entertaining. I wish I'd had these to read when I was younger!
