

THE TUNING STATION

Atheist Ted Duncan finds himself face-to-face with a copy of himself from a parallel universe. The other shares with him a common history; his counterpart, however, is Christian. The pair are given controls to the Tuning Station, a machine that allows them to observe their pasts, and assigned a deceptively simple task: discover the exact moment their lives diverged. As they delve into the mystery, Ted sees ghosts...

Reader's Opinions

Very interesting and unique story. I can honestly say I've never read anything else like it. The writing is very compelling, very easy to follow, and the ending is...well, convicting. Definitely one to make all of us think. The only hold back I felt in this was the portrayal of fundamentalists. While I know there are...

I am reviewing this book for the Christian Books Only Group on Goodreads. The Tuning Station is very well written and extremely readable. There are a few typos but nothing major. It is clean -free of bad language (aside from a few borderline words), violence and sexual activity. Although it is fiction; the main...
