

HIVE

Nearly two hundred years after the planet was ravaged by millions of undead Zees, the human race is still struggling to rebuild. The Zees may be long gone, but so too are centuries of scientific advancement. A group calling themselves The Keepers of Knowledge have...

Reader's Opinions

Considering that this is a novella, I don't think that it was long enough for me to tell if I'm really going to like the overall story line. I read this in about an hour or so. It's about 80 pages long as a free eBook on Nook or Kindle, so the other stories in the series probably cost a few bucks. This...

Two centuries after the collapse of civilisation due to a zombie outbreak (contaminated water does the trick this time), it is believed that the "Zees" have long gone and the world can move on. A group of people known as the Keepers of Knowledge send out a search party to find and recover as much information that they can - unfortunately,...
